RECOGNIZING APRIL 27th AS IRANIAN-AMERICAN WOMEN DAY

Mr. Correa: Madam Speaker, I rise today to honor and recognize April 27th, 2020, as the Iranian-American Women Day in the County of Orange.

Iranian-American women have championed the causes of women throughout Orange County and have stood on the side of small business and immigrant rights for decades. They have persevered over the course of two generations to emerge as one of the most productive and accomplished immigrant groups to call Orange County home.

Iranian-American women have succeeded in law, business, academia, technology, art, entertainment, medicine, real estate and philanthropy through tenacious hard work, and have contributed greatly to the fabric of society.

Iranian-American women have taken part in the economic growth in Orange County by contributing to the expansion of economic opportunity to women and immigrants in every segment of the economy.

Iranian-American women have come together through the Iranian American Women Foundation to celebrate their successes, reinforce their potential, and promote their economic, academic, entrepreneurial, philanthropic, and scientific contributions.

It is my distinct privilege that I ask my colleagues to recognize April 27, 2020, as the Iranian-American Women Day in the County of Orange for their remarkable accomplishments and great impact to our society.

Sincerely,

LOU CORREA
Member of Congress
